

Renew your comfort.

Are your old fan coils causing you problems?

- ⚠ Leaks and flooding
- ⚠ Poor indoor air quality
- ⚠ Higher energy bills due to poor performance

These are all symptoms of older fan coils, which need constant repairs as they reach the end of their life. These repairs and constant maintenance can be incredibly costly and only provide temporary fixes. So, how do you solve old fan coil problems?

Replacement is fast and does not disrupt your drywall, paint or surrounding area. Qualified Unilux RFC technicians:

- Protect floors and walls to prevent damage to suite
- Access the cabinet interior to remove all old components, including coil, motor/blower assembly, drain pan and insulation
- Clean cabinet and re-insulate interior using new insulation coated on airside
- Install a brand-new retrofit fan coil with new coil, blower/motor and electronics

Please call us at **1-800-337-3967**
to enjoy a new level of comfort.

Ensure another 20+ years of reliable home comfort.

▶ **Replace your fan coil today!**

Call or email us now for more information.

Completely replace your fan coil quickly and easily at a reasonable cost in **less than 4 hours** with Unilux RFC.

You'll notice the difference with a new fan coil right away.

New retrofit fan coils include modern technology and offer noticeable benefits including:

- Removable coil that can be cleaned on both sides to help increase performance
- New no-leak drain pan with a water overflow sensor to protect your home from water damage
- New, clean insulation dramatically improves indoor air quality
- ECM motor technology helps increase performance and lowers energy use
- An updated thermostat with Wi-Fi control upgrade available
- A full 2-year manufacturer's warranty on parts and labor

This comes in an easy-to-install package that fits through the existing opening and will provide heating, cooling and ventilation for another 20 years.

- ☑ 2-Year Manufacturer's Warranty
- ☑ Extended Warranty Options Available
- ☑ Thousand of units installed across North America
